

Company profile

Bell Mar Shipping deals in the field of Import & Export operations, Rental of tank containers (ISOTANKS), as well as International forwarding by air, sea and land.

Bell Mar Shipping was established in year 2000, dedicated to provide services to companies using tank containers (ISOTANKS) for transportation of raw materials (food & chemicals), both import and export and providing tank container rental services.

ISOTANKS are unique products, specially built to transport liquids for the food and chemical industries.

Throughout the years the use of tank containers increased due to its many advantages, such as efficiency, speed of stuffing and unstuffing of material, manpower saving and a safer cleaner environment.

Bell Mar Shipping has its own fleet of tank containers (ISOTANKS) suitable to fill the requirements of the food and chemicals field, in which we provide all aspects of operations and rental of equipment.

Bell Mar Shipping is general agents in Israel for INTERBULK GROUP, receiving representation during 2008, which is one of the largest and important companies in the field of ISOTANKS and bulk transportation worldwide.

UNITED TRANSPORT TANK CONTAINERS (UTT) tank container division is the third largest in the world.

Bell Mar Shipping offers her clients international forwarding services including:

- ❖ Inland transportation in Israel and abroad
- ❖ Storage facilities
- ❖ Air & sea transportations
- ❖ LCL transportations
- ❖ Cargo insurance and survey

Amongst the companies we represent EVERGREEN LOGISTICS CORPORATION, one of the significant companies in the world of international forwarding and logistics, offering a wide and full coverage to all destinations.

EVERGREEN LOGISTICS CORPORATION specializes in transportation to North Africa, to the Persian and Gulf countries, as well as special projects.
